

Claims

- [c1] 1. I claim that this apparatus will create a non-permanent visible indica so that a game player may use this indica as the location to play the game. Said apparatus comprising:
a light source means suitable for projection of said indica,
a power source means for powering said light source
an adjustment means for setting the location of said indica,
and
an attachment means for mounting said apparatus.
- [c2] 2. The apparatus of claim 1, wherein said light source is a laser
- [c3] 3. The apparatus of claim 1, wherein said light source is an LED
- [c4] 4. The apparatus of claim 1, wherein said light source is shaped using a holographic optical element
- [c5] 5. The apparatus of claim 1, wherein said light source is shaped using refractive materials
- [c6] 6. The apparatus of claim 1, wherein said indica is a line

- [c7] 7. The apparatus of claim 1, wherein said indica is composed of multiple line segments
- [c8] 8. The apparatus of claim 1, wherein said indica is composed of area projections
